Report Date: 9/27/2015

C.V. =

Prices = \$9.20 GMO; \$9.20 non-GMO

TEST COMMENTS: This area was continually being saturated with heavy rainfalls all spring. There was never an opportunity to even try to plant this location. Tom and Matt never even planted the field surrounding the plot. Matt commented that there was a large amount of prevented planting acres reported in the area.

† See last page for abbreviation descriptions. Results in **bold** are significantly above test average by LSD (0.10). **ns** = column values not significantly different.

Shrink = 1.0
